10 Must-Listen Risk Management Podcasts

The team at [Industry Slice](#) are risk-news junkies. Every hour of every day our editors monitor the world's newspapers, periodicals, thought leaders, and podcasts to decide which content makes the final cut for the [Risk Channel newsletter](#), the daily email summarizing the best news, views, and trends in the world of risk.

As working from home became the norm in 2020, we noticed our readers were increasingly turning to our newsletters and listening to podcasts to stay up to date with the latest in their industries.

We are a great believer that in your professional life you should be a student of your environment. So, we have gathered 21 risk related podcasts we find engrossing which we hope will help you stay informed, spark ideas and discussion, and learn more about the changing risk world.

Presented to you in alphabetical order.

(1) ASHRM Podcast

An inside look at the issues faced by healthcare risk management professionals, and the solutions, as they promote safe and trusted healthcare at their hospitals, practices and health centres.

Episodes of note: Recognizing and Managing Bias in Healthcare, Developing Effective Key Risk Indicators (KRIs) and Executive/Board Risk Reports

(2) Business of Security Podcast

An intriguing look into the many non-technical aspects of cyber risk, information, and cybersecurity. CIOs, CEOs and CISOs discuss the different facets of the information security industry, what matters, what needs to change and how to deal with modern-day challenges.

Episodes of note: Do SMBs Need a CISO? John Prokap, CISO, Governing Cyber Risk on Corporate Boards

For the latest and most useful coverage of business intelligence and news for risk managers & compliance professionals, [sign-up](#) to Risk Channel.

(3) Cyber Risk Management Podcast

If you want to become a more proficient cyber risk manager, this podcast helps you learn to manage cybersecurity in the same intelligent and thoughtful way you manage other areas of your business. With one of the hosts being an attorney, it also gives great insight into the legal aspects of cybersecurity.

Episodes of note: The Failure of the Cybersecurity Market, A Trial Attorney Tells You How to Get the Most from your Cyber Insurance.

(5) Public Risk Management

If public sector risk is your discipline this podcast for the Public Risk Management Association is a must listen. Described (correctly) as an opportunity to learn-on-the-go.

Episodes of Note: Social Inflation – Emerging Tactics and Best Practices for

(4) GARP Risk Intelligence Podcast

One of the oldest risk podcasts going, the team at the Global Association of Risk Professionals does a great job of bringing together the world's foremost Risk Practitioners for discussions and insights around the most pressing or developing risk issues in both energy and finance. With most episodes coming in at 30 minutes and under it's an ideal informative and quick listen.

Episodes of note: Integrated balance sheet management: Why should I put all my eggs in one basket, How COVID-19 Has Changed the Audit Landscape, Global Expansion in Uncertain Times

(6) RIMScast

Each week, the Risk Management Society's Justin Smulison speaks to leading experts in the risk world. Exclusive episodes are also available for society members.

Episodes of Note: How One Franchisee Navigated Restaurant & Food Retail Sector Risks in 2020, Human Trafficking and Supply

Public Agency Liability, Navigating Class Action Lawsuits
